FEATURES UP CLOSE

EASY INSTALL – EASY CLEAN

Simple to install to a wide range of toilets & the Quick-Release allows for easy cleaning. Ask your retailer if this product is compatible with your brand of toilet. If you don't have this information – ask for a template to take home. It will confirm compatibility before you buy.

SEAT

The Quiet-Close™ seat is anti-bacterial, heated for the ultimate in comfort and has a heated air dryer function.

SITTING SENSOR

This sensor at the back of the seat ensures peace-of-mind as bidet functions are only activated when the user is sitting. It therefore prevents children from playing with the seat, or being accidentally activated.

WAND

High grade, stainless steel wand for posterior and feminine cleansing with warm water. The wand also has an auto self-cleaning stainless steel nozzle for personal hygiene with 6 adjustable nozzle positions.

BELOW: Built in control panel with easy to use buttons. Controls functions including wash, dry and deodouriser.
